## SkyFest AirShow Dublin, VA

---

**Virginia Green** is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. **Virginia Green** has established "core activities" specific to each sector of tourism, and these practices are considered the required minimum for participation in the program. However, **Virginia Green** encourages its participants to reduce their environmental impacts in all aspects of their operations, and this profile provides a full list of all their "green" activities. These are the activities that guests / customers can expect to find when they visit this facility.

## SkyFest AirShow

New River Valley Airport, Dublin, VA

Our Event Organization; Always Eventful, LLC; is committed to environmental responsibility and has a designated composting bin, and a recycling program in place. The NRV SkyFest AirShow business plan includes recycling efforts and waste reduction with an emphasis on going Green.

We will make announcements throughout the weekend to educate AirShow Fans about our efforts to reduce our collective environmental impact and encourage them to recycle during and after the show. At least 90% of our supplies and products are purchased locally, reducing fuel consumption and pollution while adding to the local economy.
